212	3-0	5180	CDSS	Indefinite Pause of the Child Care Slot Expansion (MR)	This proposal was heard at the Subcommittee's May 16, 2024 and May 20, 2024 hearing.	Ends the expansion of over 200,000 new subsidized child care slots agreed to under the 2021 Budget Act. This would limit the total slot expansion to approximately 119,000 total awarded slots. This proposal would involve rescinding award letters recently issued for 11,038 General Child Care (CCTR) slots budgeted for 2024-25. This generates savings of \$489 million in 2024-25, \$951 million in 2025-26, and \$1.5 billion in 2026-27 and 2027-28.	Modify. Reject indefinite pause and instead enact a two-year pause, with trailer bill specifying the plan to reach over 200,000 new subsidized slots by 2028, and continue to fund 11,038 CCTR slots for which award letters were issued in Spring 2024. Additionally, adopt placeholder budget bill language to account for \$60 million in anticipated federal Child Care and Development Funds (CCDF) for slot expansion in 2024-25 and ongoing. Account for \$71.62 million one-time in unspent CCDF funds in 2024-25. In total, the combination of (1) honoring the spring 2024 award letters for 11,038 CCTR slots, (2) pausing the remainder of new slots for two years, and (3) accounting for additional one-time and ongoing CCDF funds, generates alternative savings of \$380 million in 2024-25 and \$694 million in 2025-26.

214	3-0	5180	CDSS	Revised Timeline to Implement Child Care Slots (GB)	This proposal was heard at the Subcommittee's April 25, 2024 hearing.	Assumes later implementation date for new CCTR slots (from April 1 to July 1) and earlier implementation date for new Alternative Payment Program (voucher) slots (from October 1 to July 1). This generates savings on the CCTR side of \$22 million and incurs costs on the voucher side of \$46 million on the voucher side.	Reject. Assume October 1, 2024 award date for 11,038 CCTR slots to implement in 2024-25 given delays related to the MR proposal. For future slots beginning with the resumption of the slot expansion in 2026, assume existing implementation date of April 1, 2026 for CCTR and October 1, 2026 for CAPP slots. Additionally, adopt placeholder legislative trailer bill to streamline the slot expansion application process for CCTR providers.

Adopt Budget Bill language to reappropriate \$30 million in unspent 2023-24 Emergency Child Care Bridge funds into 2024-25 to offset General Fund costs on a one-time basis.
