1	<p>Local Control Funding Formula Concentration Factor Increase</p> <p>6100-601-0001</p> <p>Education Code Section 42238.02</p> <p>(May Revision)</p>	<p>The May Revision increases non-Budget Act Item 6100-601-0001 by \$1.1 billion Proposition 98 General Fund to reflect a permanent increase in Local Control Funding Formula Concentration Grant funding. Trailer bill language would increase the LCFF concentration rate factor from 50 percent to 65 percent and requires that the increase in funding be used for additional certificated and classified staff on school campuses and require that demonstration of how these funds are used to increase the number of adults providing direct services to students on school campuses be included in the annual LCAP. LEAs are eligible to receive a concentration grant as part of LCFF funding when the enrollment of unduplicated students (low-income, foster youth, and English learners) is 55 percent of total enrollment or greater. The grant is provided on top of the per-pupil rate for the number of students over 54 percent of enrollment.</p>	<p>Adopt amended proposal to instead increase the LCFF supplemental grant amount to 23.3 percent. Adopt placeholder trailer bill language to specify that the increase in funding may also be used to increase custodial staff.</p>	TBL

2	<p>Expanded Learning Time</p> <p>6100-110-0001/ Education Code Section 46110, 46120</p> <p>(May Revision)</p>	<p>The May Revision adds Item 6100-110-0001 for \$1 billion Proposition 98 General Fund to provide students in classroom-based instructional programs with access to comprehensive after school and intersessional expanded learning opportunities, including provisional language. The implementing trailer bill language specifies at full implementation, LEAs with an unduplicated student enrollment at 55 percent to provide all pupils (Grades K - 6) in classroom-based instructional programs with expanded learning opportunities, that combined with the instructional day, total no less than 9 hours per school day and for 30 intersessional days each school year. Expanded learning time is further specified as enrichment, rather than expanded instructional time. Funding for the program phases in over 5 years, resulting in a \$5 billion ongoing program at full implementation. LEAs with the highest LCFF concentration factors would receive funding the first year, and others would be phased in until all LEAs that receive the concentration grant receive funding for all of their enrollment.</p>	<p>Approve amended proposal and placeholder trailer bill language to provide \$1 billion ongoing Proposition 98 and \$1.5 billion one-time federal stimulus funds in the 2021-22 fiscal year for all LEAs, with the exception of nonclassroom based charter schools, based on their counts of unduplicated student enrollment in grades K-6. LEAs would receive a minimum amount of \$50,000. LEAs would be required to provide the proposed expanded learning opportunities to at least 50 percent of their unduplicated student count. All eligible LEAs would immediately receive funding, however full funding would be phased in over 3 years, to \$5 billion at full implementation. In addition, require quality standards, including USDA meals/snacks, two educational elements and reporting pursuant to EC 8482.3, and staff minimum requirements pursuant to EC 8483.5.</p>	BBL/TBL
3	<p>Special Education Funding</p> <p>6100-161-0001</p>	<p>Amend provisional language to increase funding by approximately \$885 million on-going Proposition 98 funding to increase the statewide target rate.</p>	<p>Adopt proposal as described, amend statutory language to first provide COLA of 4.05 percent to all SELPAs, even those above the statewide rate. Then calculate the new statewide rate with the additional funding.</p>	BBL/TBL

K-12 Local Assistance				
11	Local Control Funding Formula 6100-601-0001 Education Code Section 42238.022 (Governor's Budget and May Revision)	The Governor's Budget provided a COLA of 3.84 percent (1.5 percent attributed to 2021-22 and 2.31 percent to reflect the foregone COLA in 2020-21), approximately \$2 billion, for the 2021-22 fiscal year, bringing total LCFF funding to \$64.5 billion. The May Revision increases this amount by \$1.2 billion to reflect an updated COLA of 5.07 percent (1.7 percent attributed to 2020-21 updated, 2.31 percent to reflect the foregone COLA in 2020-21, and an additional 1 percent increase) and updated ADA growth. 13	<p>Removal of Outyear Proposition 98 Supplemental Payments and Test 1 Rebench</p> <p>Education Code Section 41204.2</p> <p>(Governor's Budget and May Revision)</p>	<p>The Governor's Budget eliminates the multi-year payment obligation in the 2020-21 budget designed to supplement funding provided by Proposition 98. This new obligation designated 1.5 percent of General Fund Revenues per year to K-14 education beginning in 2021-22 to provide \$12.4 billion over a multi-year period. With the General Fund revenues estimated in the proposed budget, the recovery of the Proposition 98 Guarantee from reductions related to COVID-19 is achieved. In addition, the Governor's Budget provided a one-time overappropriation of the Proposition 98 Guarantee in 2021-22 by \$2.3 billion, reflecting the amount the supplemental payment would have been in 2021-22. The May Revision further removes the proposal to make the 2022-23 payment.</p>	<p>Approve as proposed.</p>	<p>TBL</p>
14	<p>Special Education Early Intervention Preschool Grants</p> <p>6100-161-0001, Education Code Section 53836.40</p> <p>(Governor's Budget and May Revision)</p>	<p>The Governor's Budget provides \$300 million in ongoing Proposition 98 General Fund for the Special Education Early Intervention Grants to increase the availability of evidence-based services for infants, toddlers, and preschoolers. The proposal would provide funds based on the number of preschool aged children with special needs residing within the school district. Under this proposal, funds would be required to supplement existing special education resources currently required to be provided pursuant to federal and state law and promote a targeted focus on services and supports being offered in inclusive settings, to the extent practicable. Funds could be used to serve children from birth to age five. The May Revision makes technical trailer bill edits.</p>	<p>Adopt amended proposal and placeholder trailer bill language to modify the special education base formula to double count kindergarten attendance for school districts when calculating ADA for purposes of special education funding. This approach effectively uses kindergarten attendance as a proxy for preschool attendance, since most preschool aged students do not attend programs in public schools. Provide \$260 million for this change in 2021-22.</p>	<p>TBL</p>
15	<p>In-Person Health and Safety Block Grant</p> <p>Uncodified</p> <p>(May Revision)</p>	<p>The May Revision provides \$2 billion one-time Proposition 98 General Fund available over two years for health and safety activities, including testing and vaccine initiatives, enhanced cleaning, personal protective equipment, and improved ventilation.
