# **Introduction**

The Legislature's Version of the Budget Act of 2023 is now contained in the identical bills of SB 101 and AB 101.

The Legislature's version of the budget is the product of over 120 public hearings and meets the key Senate goals of protecting the progress of recent years and continuing the state's responsible budgeting practices.

All told, the Legislature's Version contains \$311.7 billion in total spending, including \$227 billion from the General Fund. The Legislature's Version includes \$30.7 billion in solutions to close the budget gap and contains a total General Fund Reserves of \$37.2 billion.

The Governor met his constitutional obligation by proposing a budget on January 10. And now the Legislature is poised to meet its constitutional obligation and pass a budget by June 15. Just as it is understandable for the Legislature to not agree with every detail of the January 10 proposal, there should be no expectation for the Governor to agree to every detail of the June 15 Legislature's version.

So, while both the Executive and Legislative branches of government are both meeting their constitutional obligations, more work will be done to craft the Final Version of the Budget Act of 2023.

# <u>Summary</u>

#### Meets Top-Two Priorities for the State Senate:

- o First, the Legislature's Version protects the progress of recent years with:
  - No ongoing cuts to core programs.
  - No middle class tax increases.
  - Maintains planned program increases for schools, higher education, CalWORKs and SSI/SSP grants, Medi-Cal expansions, and more.
- Second, the Legislature's Version continues responsible budgeting practices and continues providing historic reserve levels – even while

closing a budget gap approaching \$30 billion. This includes fully protecting the Safety Net Reserve, which the Administration proposed cutting in half.

#### > Significant Improvements to the Governor's May Revision:

- Schools and Community Colleges: Provides \$2.1 billion increase.
- o *Child Care:* Provides \$1 billion for temporary rate increases.
- Higher Education: Avoids cuts and delays to infrastructure and student housing projects by shifting costs to bonds, expands financial aid programs to provide debt free college to foster youth, and provides ongoing increases to student support programs.
- Public Transit: Provides \$5.1 billion for transit across three years, with 100% flexibility for capital and operations expenses.
- Medi-Cal: Provides \$10.3 billion of increases through December 31, 2026 from the fiscal benefit of the Managed Care Operations Tax, rather than the eight to ten year period proposed by the Governor.
- CoveredCA: Provides \$165 million (\$330 million ongoing) from penalty funds to lower copays and deductibles of CoveredCA plans beginning January 1, 2024.
- Safety Net Reserve: Rejects proposed use of the Safety Net Reserve for purposes not intended for the reserve.
- Greenhouse Gas Reduction Fund (GGRF): Provides \$595 million in additional GGRF funding.
- Climate and Energy: Protects key investments in Coastal Resilience and Clean Energy..
- Strengthens Out-Year Commitments: Continues to "protect our progress" with actions to key programs:
  - Continues \$1 billion for the HHAP program in 2024-25 to provide local partners the certainty that funding will be maintained beyond the 2023-24 budget year.
  - Provides \$289 million for the Middle Class Scholarship program in 2024-25 to maintain current level of the program in that school

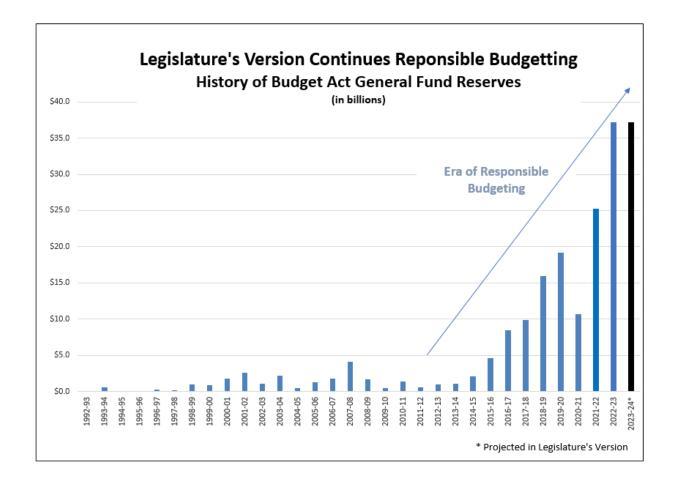

year. The funding level for 2024-25 needs to be set in this budget, since the California Student Aid Commission needs to make award decisions for the 2024-25 school year during the 2023-24 budget year.

 Eliminates statutory language that beginning in 2024-25 subjects CalWORKs grant levels to future appropriation. This ensures the executive branch cannot change grant levels without agreement with the Legislature.
