JOINT LEGISLATIVE BUDGET PLAN

Key Highlights to Legislative Budget Plan

On January 10, 2024 the Governor met his constitutional obligation and proposed a budget for the 2024-25 fiscal year, which outlined a very serious budget shortfall.

Since that time, both houses of the Legislature have worked intensely to craft a budget plan. This process has included dozens of public hearings, the significant input from the public and stakeholders, an historic Early Action package that shrank the shortfall, and most recently the evaluation of the Governor's May Revision submitted just two weeks ago.

And now, the Assembly and Senate have reached an agreement on a responsible, balanced, and on-time budget that meets its constitutional obligation to pass the budget by June 15.

The details of the Legislature's Budget Plan will be further fleshed out this week through public hearings – the hallmark of the Legislature's budget process. However, this document outlines key details.

(All figures in this document are preliminary and subject to final scoring)

Overall

- **Balanced Budget.** The Legislature's Budget Plan is not only balanced through the 2024-25 budget year, but is also balanced through the 2025-26 budget year as well. All told, the Budget Plan eliminates the Department of Finances budget year projected shortfall of about \$45 billion and the 2025-26 shortfall of over \$30 billion.
 - The Budget Plan is balanced in 2024-25, with a \$3.5 billion Regular Reserve and over \$23 billion in total reserves – a bit higher than the May Revision proposal.
 - The Budget Plan is balanced in 2025-26, with an \$800 million Regular Reserve and nearly \$13.3 billion in total reserves – roughly \$2.1 billion higher than the May Revision.

- **Budget Solutions.** The Legislature’s Budget Plan contains a total of \$46.9 billion in solutions for 2024-25 and \$29.8 billion 2025-26. The Budget Plan provides a balanced approach, with the solutions primarily coming from Program Reductions of \$16.6 billion and \$11.6 billion in 2024-25 and 2025-26, respectively, and Revenues of \$10.6 billion and \$7.8 billion in 2024-25 and 2025-26, respectively.

Here is a breakdown of the Solution Categories, in billions:

- **Responsible Budgeting Reforms.** The Legislative Budget Plan embraces important responsible budgeting reforms that will strengthen the state’s budget resilience in the future and help further avoid significant budget shortfalls. Details are still under discussion between the Legislature and the Administration, but the basics include:

□ Updating the state’s Rainy Day Fund:

- ▷ Increase the size of the Rainy Day Fund from 10 percent of the state budget to 20 percent.
- ▷ Exclude deposits into the Rainy Day Fund from the state appropriations limit (Gann Limit) so that the budget is not constitutionally forced to allocate funds and can instead responsibly deposit funds into budget reserves to protect against future downturns.

□ Creating a new “Projected Surplus Temporary Holding Account”:

- ▷ This new fund will help avoid the problems the state has experienced since 2022. In that year, there was a significant surplus projected, and the budget allocated that surplus pursuant to constitutional requirements.

- ▷ It turned out that the surplus was not as large as projected, but the budget had already allocated the surplus at the higher level.
- ▷ Under this reform, a portion of any projected surplus will be deposited into Projected Surplus Temporary Holding Account where they will be held until a future year once it is clear whether the projected surplus of revenues actually materialized.

Education

- **Overall Funding.** Funds Proposition 98 about \$1.9 billion higher than the May Revision.
- **Programmatic Funding.** Total program funding is roughly the same as the May Revision, but more is funded within the existing guarantee which results in less use of the Prop 98 Rainy Day Fund.
- **Updated Proposition 98 Proposal.** The Administration recently updated their Proposition 98 proposal, which would keep many aspects of their original proposal, but also include a suspension of Proposition 98 in the 2023-24 fiscal year. The suspension will result in higher ongoing funding for schools in future years than the Governor's original proposal. The Legislature continues to examine the new proposal.

Higher Education

- **UC and CSU Base Increase in 2024-25.** Provides a net base increase to each system in 2024-25 by funding the 2024-25 five percent base increases for the UC and CSU, foregoing the 2024-25 base increase deferral from the early action agreement, and adopting the May Revision proposal. Instead, the 2025-26 base increases are deferred by one year.
- **Key Institutes.** Restores funding for the UC Labor Centers and the UCLA Latino Policy and Politics Institute.

2024–2025

JOINT LEGISLATIVE BUDGET PLAN

- **Financial Aid.**

- Restores full funding for the Middle Class Scholarship program, which primarily benefits lower income students, rather than the May Revision proposal to dramatically reduce the program and force students into more student debt and hurt chances of thriving in the middle class upon graduation.
- Implements a modified Cal Grant Reform which will benefit lower income students – particularly those at Community Colleges.
- Provides \$20 million Proposition 98 General Fund one-time to assist community college financial aid offices with unexpected workload and circumstances due to FAFSA delays and to help support students who are still trying to complete the FAFSA.

Climate and the Environment

- **Greenhouse Gas Reduction Fund Shift.** Protects over \$3 billion in climate related investments by shifting the costs from the General Fund to the Greenhouse Gas Reduction Fund (GGRF).
- **Protects Key Investments.** Rejects cuts to Offshore Wind Infrastructure and partially rejects cuts to Equitable Building Decarbonization, Watershed Resilience, Ocean and Coastal Protection, and the Habitat Conservation Fund.

Health

- **MCO Health Investments.** Rejects the May Revision proposal to permanently eliminate over \$2.4 billion in annual new health investments scheduled to take effect January 1, 2025. Instead, the new investments will be delayed one year until January 1, 2026, and there will be some modest Legislative adjustments to the new investments.
- **Public Health.** Rejects the May Revision’s proposed cuts to Public Health programs.

Revenue Solution

- **NOL Suspension / Credit Cap.** Approves the Governor’s proposal to suspending the Net Operating Loss Credit and to cap business tax credits at \$5 million for three years. Housing and Homelessness
